Your Say!

White City & Wormholt is a 10 year Lottery and Hammersmith United Charities funded project which aims to bring together local talent, skills and energy from community members, groups and organisations to make the area a better place to live, work and play.

It is run by a partnership of local residents who make decisions on how to use the funding. Each year starts with a period of community consultation so we can hear directly from **residents** and find out what improvements they want and what they think are priority areas of work for **Big Local**. This allows us to put forward plans that are created based on the real needs and wishes of people who live here!
